curasano®

instant spray tanning system

Curasano® Spraytan Express is a natural and high quality spray especially developed to obtain a beautiful, smooth bronzed tan that will last all year round on a healthy and fast way.

After applying the durable selftanning mist you will immediately obtain a **beautifully bronzed glow**. During the following hours this **selftanning** solution will continue to evolve and the obtained bronzed tan will remain visible for several days, equal to the natural tanning process.

Curasano® Spraytan Express is recommended by dermatologists and skin specialists. Curasano® Spraytan Express is the **healthy and safe alternative** to obtain a beautiful and smooth bronzed tan without having to expose yourself to the harmful UV-rays of the sun or a solarium.

Advantages of Curasano® Spraytan Express:

- ✔ Ensures an immediate beautifully bronzed tan.
- ✔ Nourishes the skin with a rich composition including Aloe Vera, Vitamin-E, Ginseng, ...
